Good afternoon,

I have a few questions regarding the ordinances in the subject line that were passed at the last council meeting and would appreciate some clarification. I've gone back and listened to the past few meetings to try to get more clarification and find myself more confused.

1. It is my understanding that these ordinances were simply codifying the amendments that were approved by the voters and those amendments would go into effect at the end of the elected term. How did it end up that those terms are now ending 30 days from the ordinance being approved?
2. Have the qualifications for these now appointed positions been discussed and if so, when will those be shared with the public? If not, when do you plan to discuss them?
3. Are you in favor of appointing those positions to the 2 ladies who currently hold them and if not, are there other candidates you have in mind?

A couple things off topic... Why don't you all have a dot gov email address? Also, I am unable to access the meeting minutes for the 1/17 meeting on the website.

Thanks in advance for any clarification you are able to provide.

Kind Regards,
Sarena Reese
