Hey there! Just so you know. I am going to stick with March 9th being my last day. I'm going to take a few volunteer trips out of state and do some tornado cleanup in Georgia and then travel wherever Samaritan's Purse needs additional volunteers at with the recent tornados. I would like some time away from Fostoria. Very disappointed that someone could lie about me and you and Amy were the only ones who reached out to me to see if the accusations were true.

I will share with you, that there definitely needs to be committee changes seeing as how Cassidy wouldn't come into the office and Mennel took the SSD word as truth when neither one of them knows how the office should run nor understands each office's responsibilities. I am a very hands on manager and helped out the office wherever they needed. That apparently didn't happen prior to me otherwise they would have

known the DOF had such "powers".  
But as promised to the Mayor and  
SSD, I said I would help until the end  
of the term. The end of the term  
was moved up to March 9th. I have  
fulfilled my promise and would like to

But as promised to the Mayor and SSD, I said I would help until the end of the term. The end of the term was moved up to March 9th. I have fulfilled my promise and would like to move on.

I plan on getting the Mayor's signature on everything next week, so my name can be cleanly removed
